

# RESUME ANALYZER

Powered by ai

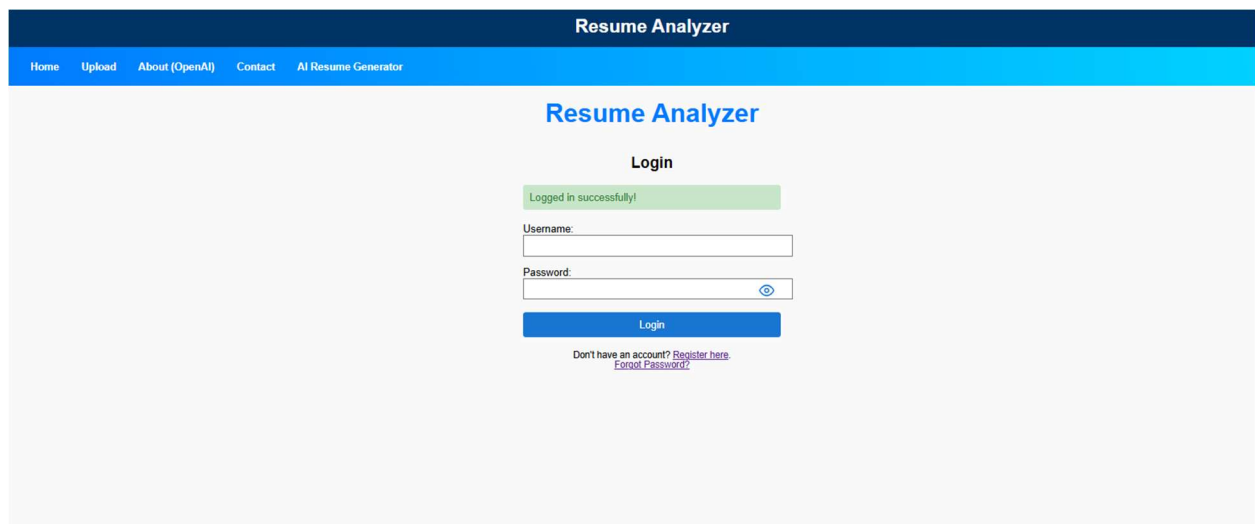

## User Login :

Users can log in to the system using their registered **username** and **password**.

The login form validates credentials before granting access to the dashboard.

Incorrect login attempts display appropriate error messages for user guidance.

Successful login redirects the user to the main interface of the application.

The screenshot displays the 'Resume Analyzer' application interface. At the top, a dark blue header bar contains the text 'Resume Analyzer'. Below this is a light blue navigation bar with links: 'Home', 'Upload', 'About (OpenAI)', 'Contact', and 'AI Resume Generator'. The main content area has a light gray background. Centered in this area is the 'Resume Analyzer' logo in blue, followed by the heading 'Login'. A green success message box states 'Logged in successfully!'. Below this are input fields for 'Username:' and 'Password:', each with a corresponding label. The password field includes a toggle icon for visibility. A blue 'Login' button is positioned below the password field. At the bottom, a small text link reads 'Don't have an account? [Register here.](#) [Forgot Password?](#)'.

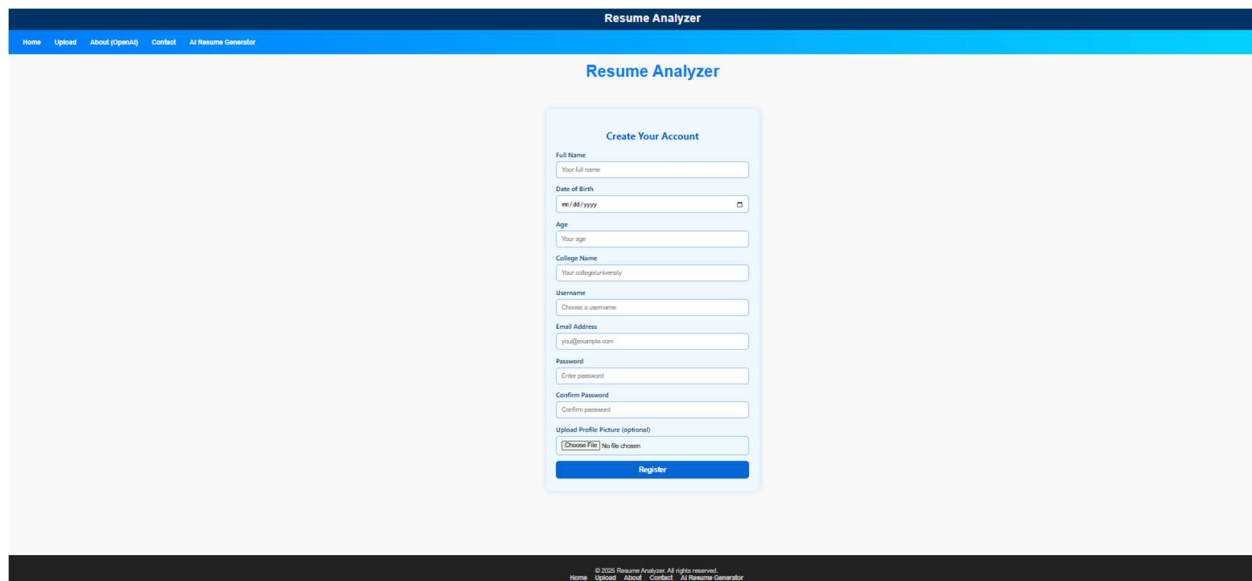

## New User Login :

The application includes a **Register** button for new users who do not have an account.

By clicking this button, users can access the registration form to enter their details such as username, password, and other required information.

Upon submission, the new user's data is securely saved into the users.db database.

This allows new users to create an account and log in later using their credentials.

The screenshot displays the 'Resume Analyzer' web application interface. At the top, a dark blue navigation bar contains the text 'Resume Analyzer' and a series of links: Home, Upload, About (opened), Contact, and AI Resume Generator. Below this, a light blue header bar also displays 'Resume Analyzer'. The main content area is a light gray rectangle centered around a white registration form titled 'Create Your Account'. The form includes the following fields: 'Full Name' (with placeholder 'Your full name'), 'Date of Birth' (with placeholder 'mm/dd/yyyy' and a calendar icon), 'Age' (with placeholder 'Your age'), 'College Name' (with placeholder 'Your college/university'), 'Username' (with placeholder 'Choose a username'), 'Email Address' (with placeholder 'you@example.com'), 'Password' (with placeholder 'Enter password'), 'Confirm Password' (with placeholder 'Confirm password'), and 'Upload Profile Picture (optional)' (with a 'Choose File' button and 'No file chosen' text). A blue 'Register' button is positioned at the bottom of the form. The footer of the page is a dark gray bar containing copyright information: '© 2025 Resume Analyzer. All rights reserved.' and the same navigation links as the header.

## Forgot password and New password reset :

If a user forgets their password, they can click the **Forgot Password** option.

The user must enter their registered email ID to verify their identity. A verification link or code is sent to the provided email address. Using this verification, the user can securely access the section to enter and set a new password.

admin	admin

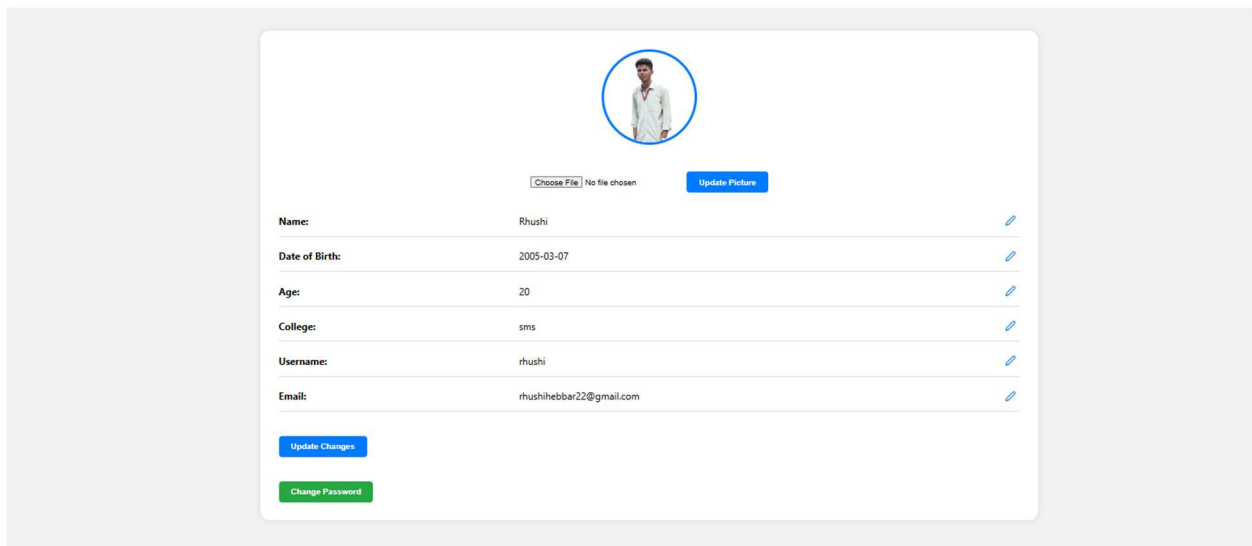

## Profile update :

Once logged in, the user can update their profile information.

In the navigation bar, when the user hovers over their profile picture, two options appear: **Profile** and **Logout**.

Clicking on **Profile** allows the user to view and edit their personal information.

The profile editing feature is currently under development and is not functional yet.

The screenshot displays a user profile interface. At the top, there is a circular profile picture placeholder with a blue border. Below it, a file selection area shows 'Choose File' and 'No file chosen' next to an 'Update Picture' button. The profile details are organized into a table with edit icons (pencil icons) on the right side of each row.

Name:	Rhushi	
Date of Birth:	2005-03-07	
Age:	20	
College:	sms	
Username:	rhushi	
Email:	rhushihebbar22@gmail.com	

Below the table, there are two buttons: 'Update Changes' (blue) and 'Change Password' (green).

## Uplode resume:

The user can upload only **PDF format** resumes for analysis.

The system validates the file type to ensure it is a PDF before processing.

Uploaded resumes are parsed to extract relevant information for further analysis.

Other file formats are not accepted to maintain consistency and accuracy in processing

The screenshot shows the 'Resume Analyzer' web application interface. At the top is a dark blue header with the title 'Resume Analyzer' and a light blue navigation bar containing links: 'Home', 'Upload', 'About (OpenAI)', 'Contact', and 'AI Resume Generator'. A small user icon is on the right. The main content area has a light gray background with the title 'Resume Analyzer' in blue. Below it, the section 'Upload Your Resume' contains a 'Choose File' button, the text 'No file chosen', and an 'Upload' button. The footer is dark gray with copyright text '© 2025 Resume Analyzer. All rights reserved.' and repeated navigation links.

## **Result:**

The screenshot shows the 'Resume Analyzer' web application interface displaying the 'Resume Analysis Result'. The header and navigation bar are identical to the previous page. The main content area has a light gray background with the title 'Resume Analyzer' in blue. Below it, the section 'Resume Analysis Result' contains two white boxes. The left box, titled 'Extracted Information', lists: 'Skills: None found', 'Qualification: Not specified', 'Experience: years', and 'Matched Jobs' with a sub-list 'No matching jobs found.' The right box, titled 'Resume Preview', contains the text 'No resume file available for preview.' The footer is dark gray with copyright text '© 2025 Resume Analyzer. All rights reserved.' and repeated navigation links.

## Nav bar

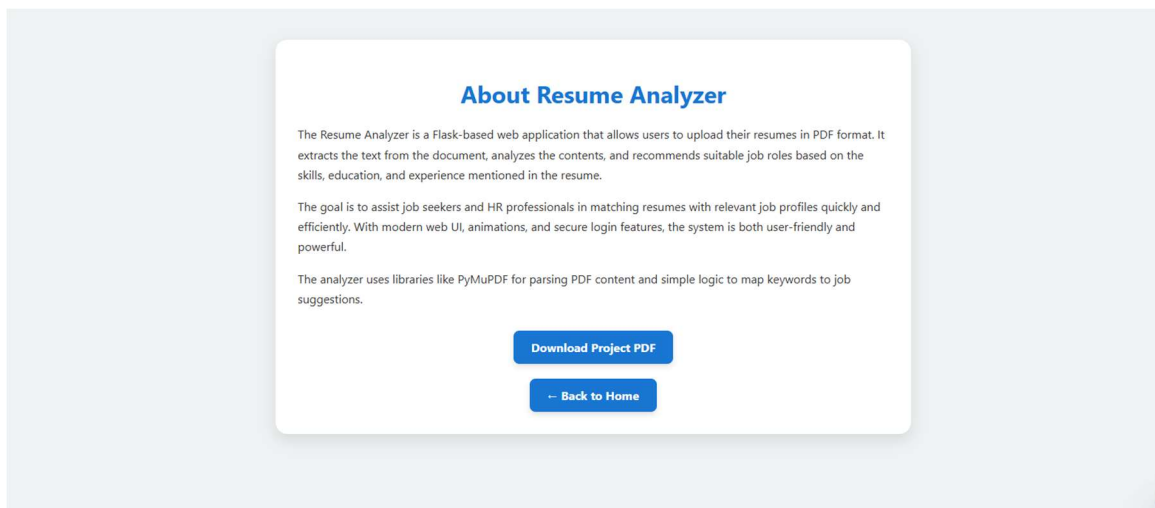

The navigation bar includes **About** and **Contact** sections for user convenience.

The **About** section provides a detailed description of the project, its purpose, and key features.

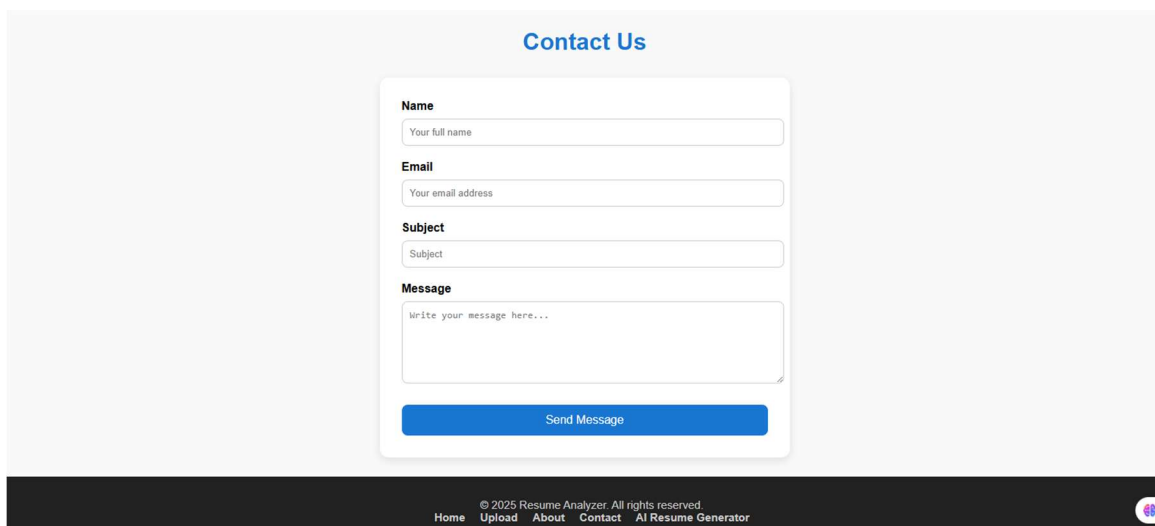

The **Contact** section offers users a way to reach out for support, feedback, or inquiries related to the project.

These sections help users understand the project better and connect with the development team if needed.

## AI Resume builder

The **AI Resume Builder** accepts user data through a form and generates a professional resume automatically.

This feature has worked successfully in the past, creating resumes based on the input provided.

However, due to some errors, the AI Resume Builder is currently not functioning properly.

Efforts are ongoing to fix these issues and restore the feature soon.

The screenshot displays the 'Resume Analyzer' web application. It features a dark blue header with the title 'Resume Analyzer' and a navigation menu with links: Home, Upload, About (Open), Contact, and AI Resume Generator. The main content area is light gray and contains a central form titled 'Resume Analyzer'. The form includes several input fields: 'Full Name' (with 'John Doe' as a placeholder), 'Email' (with 'john@example.com'), 'Phone Number' (with '+1 234 567 8900'), and 'LinkedIn Profile' (with 'https://linkedin.com/in/yourprofile'). Below these are three larger text areas: 'Professional Summary' (prompting to 'briefly describe your professional background'), 'Skills (comma-separated)' (with 'Python, Flask, SQL, HTML/CSS' as an example), and 'Education' (prompting to 'List your degrees, institutions, and years'). There is also a 'Work Experience' section (prompting to 'List your recent job roles and achievements') and an 'Upload Profile Picture (optional)' section with a 'Choose File' button and a 'No file chosen' status. A blue 'Generate Resume' button is at the bottom of the form. The footer is dark gray and contains copyright information: '© 2023 Resume Analyzer. All rights reserved.' and the same navigation menu as the header.

## Pending works

1. Currently profile update not working
2. In result resume preview not working
3. AI resume builder fully crashed (@app route not specified)
